

20oz copper insulated tumblers

Short description:

20oz copper vacuum insulated custom tumbler with straw

Long description:

Slightly smaller than our 22oz copper tumbler, these custom travel cups are as practical as they are functional. Made from double-walled stainless steel with copper vacuum insulation, it keeps liquids hot for up to eight hours and cold for up to 24 hours. A scratch-resistant powder coating also helps keep condensation at bay for a comfy grip.

Our custom tumbler comes with a spill-resistant push-on lid, a handy silicone closure and a reusable stainless steel straw for eco-friendly sipping. There's even a soft silicone straw cover for added drinking comfort.

Available to order in black or white, each one is custom printed using a digital print method to ensure a seamless wraparound design.
