

Smooth art paper

Short description:

A smooth matte fine art paper – delivered rolled or flat, ready to frame

Long description:

Our smooth art paper is one of our most popular substrates: a high-quality, smooth matte stock with a light, fine-grain surface texture. It's especially well suited to contemporary illustration and photography, producing art prints with sharp detail and clean edges. Expect crisp, vibrant wall art prints, with excellent density and vivid colour that holds up beautifully at larger sizes.

All of our fine art prints are made using Giclée printing – the gold standard used by museums and galleries worldwide. Pigment-based archival inks deliver smoother gradients, richer colour depth and long-lasting brilliance that won't fade when displayed indoors.

Choose sizes from 5x7" to 60x48". Orders sized 200mm ship flat. All other sizes ship rolled.
